The Workforce Digital Skills Charter

future .now

The Charter unites employers to build a future-fit, digitally confident workforce.

It asks signatories to make a commitment to:

1. Raise awareness of the workforce essential digital skills gap.

The Charter unites employers to build a future-fit, digitally confident workforce.

It asks signatories to make a commitment to:

2. Work together to supercharge action as part of a national change programme.

The Workforce Digital Skills Charter

future .now

The Charter unites employers to build a future-fit, digitally confident workforce.

It asks signatories to make a commitment to:

3. Empower people of working age to build solid digital foundations.
